

FREEDOM 12 ULTRA LIGHT

MULTI-POSITIONING OUTRIGGERS

Tri-position outriggers increases performance options.

OPTIONAL MOTOR MOUNT

Stern-mounting trolling motor easily detaches for transport and storage.

*"For the ultimate hard use angler.
The verdict: It's a simple and smart design
with highly functional details"
Outside Magazine 2011 Buyers Guide*

AVAILABLE COLORS

Just as its name implies, the **Freedom 12 Ultra Light** is the lightest kayak in the Freedom Hawk fleet. At just over 60 pounds and a lifting weight of 47 pounds (outriggers removed), this boat is designed to be nearly effortless to portage into remote lakes and ponds or to lift onto the roof of an SUV.

The hull is a hybrid design...**part kayak and part canoe.** This canoe like hull, although not self bailing, gives the paddlers unlimited gear storage for items of all shapes and sizes.

This boat features the same **patented three position outrigger system** as the standard Freedom 12, giving you unlimited stability and paddling options based on conditions and styles.

If portaging a stand-up fishing kayak into previously undiscovered locations is your angling cup of tea... you'll flip for this lightweight vessel.

Don't just sit there...stand-up and catch more fish this season in the new Freedom 12 Ultra Light.
