# FREEDOM HAWK

STAND-UP KAYAK FISHING

Freedom Hawk Kayaks—born out of a passion for the outdoors.

**The idea is simple. To catch more fish, you need to stand. And to assist, Freedom Hawk's Kayaks were engineered as the most technically advanced fishing kayaks in the world. In short, they were designed to put you in position to catch more fish.**

Three years ago, Dave Cameron, our founder, recognized the need for a better fishing craft, one that combined the comfort of a canoe with the agility and efficiency of a kayak. Combining his mechanical design background and a love for fishing and paddling, the idea behind Freedom Hawk Kayaks was cast.

Now, with our invention of the patented in-line easy-to-deploy outrigger system and our addition of the Freedom 12 and the Freedom 12 Ultralight, we're providing anglers with more options than ever before.

The journey to this point has been amazing, and we love the fact that through our efforts fishermen, hunters, photographers, and outdoor enthusiasts can better enjoy their dreams and hobbies...Oh, yeah..and catch more fish.

Tight Lines and Happy Paddling!  
The Staff at Freedom Hawk Kayaks

From that inspiration, Freedom Hawk and the Freedom 14 was born. **A boat that can take you from paddling to stand-up fishing in seconds, the perfect union of stability and performance—the Ultimate Fishing Kayak.**

**STAND-UP AND FISH**

*“Skinny-water sight fishing like never before. Finally you can stand and fish with confidence... This is no gimmick!”*

~ Jeff Kean, Casa Blanca Lodge, Mexico

### CASTING & STABILIZING BAR

Provides the security and stability for stand-up fishing and poling. It also stores neatly in the recess of the deck when not in use.

### ON-BOARD STORAGE

The hull has a recess for storing the push pole and is ideal for a scuba tank, snorkel gear or fishing box.

### PUSH POLE (OPTIONAL)

Two-piece shallow water push pole stores neatly in the deck floor.

### MOLDED-IN FOOTRESTS

Provides proper fit and performance.

### OUTRIGGER LEVERS

Independent levers (2) easily deploy the outriggers from the seated position

*"Fly and bass fishermen spend a lot of time on their feet. The Freedom 12 facilitates stand-up techniques like sight fishing, long casting and flipping!"*

-ESPN Online Magazine

### MOTOR MOUNT (OPTIONAL)

Stern-mounted trolling motor easily detaches for transport and storage.

### HIGH-BACK SEAT

Adjustable seat back provides comfort and performance.

### FLUSH MOUNT ROD HOLDERS

Each Freedom 12 comes standard with two rod holders.

### QUICK RELEASE

Outriggers are quickly removed for transport and storage.

### PATENTED FISHING SYSTEM

Streamlined and efficient paddling craft that quickly transitions into a stable fishing platform.

### STORAGE

Each outrigger is equipped with watertight storage.

# FREEDOM 12 ULTRALIGHT

## STAND-UP KAYAK FISHING

Comfort. Agility. Stability. Options. Built on the patented Freedom 12 in-line outrigger platform, the Ultralight offers the angler the same three positions as the Freedom 12. Yet it's a mere 64 pounds (47 pounds once the easily removed outriggers are removed), making the Ultralight easy to carry and lift.

An open bow deck area makes gear storage simple and a padded fishing platform offers all-day comfort for standing. Although not self-bailing, the Ultralight offers superior performance for fishing protected inshore bays, flats, freshwater ponds and lakes. The Freedom 12 Ultralight. Stand and catch more fish!
